

## **Editor's Note**

I am delighted to publish our bilingual journal “Jurnal Bahasa Inggris Terapan (Journal on Applied English Language)” of Volume 5 Number 2, 2019. Thus, some articles are in Bahasa Indonesia. Rich topics are offered in this volume, such as, the grammatical and mechanical errors of students in essay writing, lexical cohesion in EFL students' explanatory texts across two levels of proficiency, authentic assessment, types of interjection, and idiom translation. Hopefully, the articles may enrich the development of the theories and application of English.

The aim of Jurnal Bahasa Inggris Terapan (Journal on Applied English Language) is to publish up-to-date, notable and original research. Hence, the journal will demonstrate a sound theoretical and/or methodological underpinning and a clear contribution to knowledge in the field.

Needless to say, any articles you wish to submit, either separately or in collaboration, are highly valued and will contribute significantly to the journal's growth and achievement. Best wishes and thanks ahead of time for your contribution to Jurnal Bahasa Inggris Terapan.
